

SHARP

THE **AIR** STERILISER

Meet Sharp's Plasmacluster Active Air Purification System that reaches every nook and every corner of your room to disinfect the air you breathe. Despite its small and compact footprint, it is the most powerful Air Steriliser in the world, a fact certified by no less than 22 globally renowned research organisations.

Coverage: 150 sq ft
CADR*: 160 m³/hr (high)
102 m³/hr (low)
MRP: Rs 14,990/-

*CADR: Clean Air Delivery Rate or Airflow

THEY CAN RUN BUT THEY CAN'T HIDE

Every nook. Every corner. Even every surface. Thanks to Sharp's original flow-control technology, the Air Steriliser generates a large quantity of Plasmacluster ions and simultaneously delivers them far, across the entire room. These high density Plasmacluster ions attack both airborne and surface-adhering contaminants to sterilise the room faster than any other system in its class.
