ELIXIR'O

By TEAM WATERHOUSE

PLASMA-BASED BIO-OXYGEN STERILIZER

BUILD YOUR OWN BRAND

BIO-OXYGEN BASICS

100

This is the percentage by which our Bio-Oxygen Sterilizers kill Aerial Bacteria anywhere. Our supporting certificates are available to blow your mind away.

*3157 times stronger disinfectant than Chlorine,
160 times stronger bacteria killer than Sulphur
Dioxide, 50 times stronger than PerAcetic Acid,
37 times stronger than Formaldehyde, 1.7 times
stronger than HydroCyanic Acid.*

BIO-OXYGEN BASICS

O

This is the percentage of Toxic Residue left by Bio-Oxygen in ambient air, after destroying all harmful compounds.

- *Blessing for human health when present in ambient air according to guidelines by Occupational Safety & Health Administration, USA*
- *Approved by US Food & Drug Administration as G.R.A.S (Generally Recognised As Safe)*
- *Increases shelf-life of food by upto 8 months.*
- *Bio-Oxygen is the fresh smell we feel just after rain*

ELIXIR'O

The product which the world needs everywhere.

Elixir'O is another revolutionary contribution from TEAM WATERHOUSE to the World, which has the potential to cover numerous fields & industries, where Ozone can create a better life for our loved ones.

Some of the extraordinary uses of Elixir'O are for Air sterilisation, food storage, smoke suppression, odour removal, bacteria killing, infection control, prevention of cross-contamination, and at least a hundred others.
